ERUPTING VOLCANO

FANCY MAKING A
MINI-VOLCANO
THAT REALLY ERUPTS?

BUILD THE VOLCANO,
ADD THE INGREDIENTS
AND STAND BACK!

WHAT YOU'LL NEED

- Vinegar
- Bicarbonate of soda
- A small plastic bottle
- Red food colouring
- Modelling clay
- A tablespoon
- A funnel
- A Tray

HOW YOU MAKE IT

On the tray, form a volcano shape around the plastic bottle leaving the top sticking out slightly

Using the funnel, put 1 tablespoon of bicarbonate of soda into the bottle

Add a few drops of red food colouring

Add a few drops of washing up liquid

Add the vinegar, stand well back and watch the eruption!

EXPERIMENTS
